IRCC DEFINITIONS

Work

An activity for which wages are paid or commission is earned, or that competes directly with activities of Canadian citizens or permanent residents in the Canadian labour market. Examples of “work”: unpaid employment undertaken for the purpose of obtaining work experience, such as an internship or practicum normally done by a student.

Internship

Supervised work or school-related training that may be either paid or unpaid. Internship positions can be found with some businesses, government departments and non-profit organizations. Internships can help newcomers gain Canadian work experience.

Co-op/Internship Work Permit

Foreign students who wish to participate in a co-op or internship program in a Canadian institution must apply for a work permit as well as a study permit. To be eligible for the co-op/internship work permit program, you must meet the following conditions (see next page):

FAQ

Q1: Am I still a Western student while I do my co-op work placement?
A1: YES – you will maintain your full-time student status at Western University.

Q2: Will doing a co-op work placement affect my ability to qualify for a post-graduation work permit (PGWP)?
A2: NO – you maintain full-time students status during your co-op, and you are still considered to be studying during that time as the co-op placement is a mandatory part of your program.

Q3: Can I use my co-op work permit to work with an employer who is not approved by Western or a department at Western?
A3: NO – you can only use the co-op work permit to work for an employer that has been approved by the co-op coordinator.

Q4: Can I use my co-op work permit to work beyond my co-op term for the same employer who is approved by my program?
A4: NO – you can only use the co-op work permit to work for the required school-related work placement.

Q5: What if my study permit expires during my co-op work term?
A5: It is your responsibility to apply for a study permit and your co-op work permit extension before the expiry date.
